

## Farmdale.

It has been raining here for several days.

N. D. Scott, one of our County Commissioners, was here last week looking over the bridges.

Mr Short, a gentleman from the North, is stopping at the hotel. He is looking over the country generally.

G. W. Brantley, of Dalkeith, and Capt J. B. Morrison, of Birmingham have been here. While here Mr Brantley lost a fine horse.

A two year old child of Mr and Mrs Carter died on Monday morning of croup. This is the first death to occur in Farmdale since it was first located 20 odd years ago, with the exception of an old lady, who died a few years ago of old age.

We are informed that work has been resumed on the railroad from Chipley to the Bay. This road has made a survey around the head of the bay nearly to Farmdale, and it is reported they intend to connect with the Apalachicola and St Joseph R.R., which is already graded from Apalachicola to St Joseph.

Your correspondent will run up Wetappo creek this week as far as he can with his launch and measure the width of the stream and depth of same. It will probably not take over 6 or 7 miles of cutting from that creek to the river. I find by enquiry that the canal would dream about one third of Calhoun county.

The railroad that connects with one down this coast to South and East Florida, will be the biggest paying line in the State, as it would run on a straight line from several large cities in the North and South. As to the East Bay canal the papers all along the Apalachicola river are full of encouragement. I am in hopes to see that work commenced soon.

H. J. Carlisle, spent Sunday in Nixon, and preached to the people of that vicinity.

Covington, Rogerson Co. turpentine works, are very busy getting ready for scraping.

Owing to a misunderstanding over the long distance phone, last Wednesday, between P. M. Carlisle, of

Dothan, Ala., and Dr Lee, of Millville, La., Dr W. H. Williams, of Dothan, was sent down in consultation in the case of Mrs Carlisle. The doctor says he ate dinner at Dothan and supper at Callaway.

Mr Schmidt, of Cook, was a business caller on W. C. Wood, Saturday and Monday, buying the latters mule and wagon.

We bay people are sadly in need of a good wide awake commercial, business or improvement club, to take hold of our bay mail service, co-operate with other like clubs to have our harbor improved, co-operate with these river towns to have the East Bay Canal cut, and a thousand other important things. Can't we organize a St Andrews Bay Improvement Club at once, and not wait until our work piles up too high? Our best business people are requested to act at once.

## Cromanton.

Work on the new church is progressing finely.

What high tides we have been having for the last week.

Mr and Mrs Sidney Albritton were passengers on the mail boat Wednesday morning.

Miss Nellie Russell came down from Auburn Friday evening and returned Sunday evening.

The children seem to be taking a great interest in their school. Prof Russell makes a fine teacher.

Mr Russell has just purchased for himself a new buggy. It is a fine outfit and will make going about very comfortable.

Miss Mary Shippey came down Friday evening on the mail boat from Farmdale, and returned Monday morning, being the guest while here of Mrs Hoskins.

Mr W. H. Woodard, the Lewis Bear salesman, was a visitor here on Wednesday in the interest of the firm.

We are feasting on Pompano since the fishing boys are staying close by, and they taste just fine. Who would not eat Pompano?
